

product news

We are very excited to announce the release of our new Elkay® drinking solutions catalog!

We have updated product information and incorporated some of our newest products into the catalog, so it's now a one-stop brochure for all your drinking water products and accessories.

We have designed this catalog to showcase the different families of product and the optional features that can be ordered. The images chosen are our top selling products rather than our entire product portfolio. You will notice we have removed dimensions and drawings.

The dimensions and drawings for each individual product can be found on our website. This allows for a compact catalog and ensures you have the most current information on products.

The new catalog is posted on elkay.com, under Literature. We are in the midst of printing this catalog. We will be sending 25 copies to each rep and satellite office the week of May 23. Printed catalogs will be stocked at North American and can be ordered under part number F-4617. In the meantime, please browse the catalog online.

Discontinuation notice:

We are discontinuing the Soft Sides® Composite Gel-Coated drinking fountain due to low sales since their introduction. Part number EDF214WC has limited inventory and will be obsoleted upon depletion of stock.

We have a direct replacement product, our Soft Sides® Premium Composite drinking fountain, part number EDFP214RC. This replacement is a great option for corrosive type environments, such as pools or coastal areas. Inventory is available while supplies last.

DISCONTINUED/OBSOLETED

Part Number	Description	List Price
EDF214WC	Soft Sides® Composite Gel-Coated drinking fountain	\$901

REPLACEMENT

Part Number	Description	List Price
EDFP214RC	Soft Sides® Premium Composite Drinking Fountain	\$1104

We are discontinuing our 20-gallon chiller, part number ERW201, as of May 31, 2016. We offer two direct replacement options for this product. Customers can order a 30-gallon chiller, part number ER301 or a 32-gallon water-cooled chiller, part number ERW321.

DISCONTINUED/OBSOLETED		
Part Number	Description	List Price
ERW201		\$2,665
